

HYBRID "A LA CARTE" (FINAL ONLY)

All pricing includes up to 5 implants. \$300 per additional implant site.

3D Printed Try-in	\$250
3D Printed Temp	\$450
3D Printed Temp w/ pink composite	\$650
Milled PMMA w/o Ti-base	\$650
Milled PMMA w/ Ti-base	\$850
Milled PMMA w/ Ti iBar	\$3,150
Monolithic Zirconia	\$4,250
Layered Zirconia	\$5,250
Ti iBar w/ Monolithic Zirconia	\$5,000
Ti iBar w/ Layered Zirconia	\$6,000
CoCr iBar w/ Monolithic Zirconia	\$5,250
CoCr iBar w/ Layered Zirconia	\$6,250
CoCr Thimble w/ Monolithic Crowns	\$6,000
CoCr Thimble w/ Layered Crowns	\$7,000

PHOTOGRAMMETRY HYBRIDS

Monolithic Zirconia	\$3,500
Layered Zirconia	\$4,500
Ti iBar w/ Monolithic Zirconia	\$4,250
Ti iBar w/ Layered Zirconia	\$5,250
CoCr iBar w/ Monolithic Zirconia	\$4,500
CoCr iBar w/ Layered Zirconia	\$5,500

MUA (MULTI-UNIT ABUTMENT) HYBRIDS:

MUA hybrids default to milling the MUA interface as part of the bridge rather than using cemented ti-bases. Please notify us if your case requires ti-bases.

All fixture-level implant cases will receive a ti-base.

HYBRID PACKAGE PRICING

All pricing includes up to 5 implants. \$300 per additional implant site.

Milled PMMA w/ Ti iBar	\$4,250
Monolithic Zirconia	\$5,750
Layered Zirconia	\$6,750
Ti iBar w/ Monolithic Zirconia	\$6,500
Ti iBar w/ Layered Zirconia	\$7,500
CoCr iBar w/ Monolithic Zirconia	\$6,750
CoCr iBar w/ Layered Zirconia	\$7,750
CoCr Thimble w/ Monolithic Crowns	\$7,500
CoCr Thimble w/ Layered Crowns	\$8,500

EACH PACKAGE INCLUDES:

Verification Jig, Lab Analogs, Ti-bases, Temp Cylinders, 3D Printed Try-in & Milled PMMA Temp
A complimentary 2nd try-in is included to verify any design changes for larger cosmetic or functional modifications before proceeding to final — added peace of mind for both doctor and lab.

1/2 \$ due at try-in • 1/2 \$ due upon completion

GINGIVA MATERIALS:

All Thimble and Milled PMMA hybrids include pink composite gingiva.

All Zirconia hybrids include layered pink porcelain gingiva.

Posterior Monolithic LiSi Press	\$210	\$285
Milled PMMA Temporary	\$75	\$75
3D Printed Temporary	\$60	\$60

COSMETIC CASES — WHAT'S INCLUDED:

Full smile design using photo import in exocad to plan the patient's smile relative to their facial anatomy and biology. Smile planning, proportional analysis, and design carried through to finishing and ceramics by senior-level technicians.
Cosmetic pricing reflects the additional design time, technical expertise, and artistry required for anterior and full-smile cases.

All payments with credit or debit card will incur a convenience fee. Please call the lab if you have any questions regarding the current fee.
